

STEALTH 28

BEHIND-THE-HEAD ELECTRONIC HEARING PROTECTION

DEVICE FIT

Selecting foam ear bud size:

The Stealth 28 comes with three sets of foam ear buds, small, medium and large. Select the size you feel will best fit snugly into your ear canal. Slide the foam ear buds onto the stems of the device until the foam fully covers the stem. Test the fit of the ear buds prior to exposure to loud sounds. It is recommended to wear the largest size ear bud that comfortably fits your ear canal. Wearing too small of an ear bud may result in sound leaking around the ear bud and not receiving full hearing protection.

Wearing the headset:

With the unit turned off, wrap the stealth 28 around the back of your head and hook each of the curved ear hooks over your ears. Gently insert the ear buds inside the ear canal until they are fully seated. Shake your head, side to side, to ensure the ear buds will not disengage from the ear canal.

DEVICE FUNCTIONS

Turning the device on:

Slide the Power Switch to the ON position. The LED will be illuminated green if the headset is charge and the unit is ON.

Changing Ambient Sound Volume:

Volume changes respectively when pressing the Ambient Volume Up or Down controls:

- Up increases volume by one stage.
- Down decreases volume by one stage.

There are five levels of volume adjustment up to when Ambient Volume reaches maximum Sound Level (Sound level 9 / +14dB)

Charging the device:

Slide the power switch to OFF position. Open the Micro USB Connector cover and plug in a Micro USB cable to it and plug the other end of the cable into a USB power source or adapter. While the device is charging the LED will be blinking RED. When fully charged the device's LED will turn off.

NOTE: When device is in the OFF position, the ear buds will still provide passive noise attenuation.

CAUTION

- The earbud supplied with your Pro Ears Stealth 28 is used to reduce harmful loud sounds like gunshot noise.
- Gunfire is a hazardous exposure noise. Altus Brands carries no implied guarantee for over-exposure to noise.
- We recommend hearing tests to insure the continued health of your hearing.

FCC NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. Shielded interference cable must be used with the equipment in order to comply with the limits for a digital device pursuant to Subpart B of Part 15 of FCC Rules. Specifications and designs are subject to change without any notice or obligation on the part of the manufacturer. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Please note that changes or modifications not expressly approved by the party responsible for compliance could void the user's ability to operate.

LIMITED WARRANTY

Pro Ears's warrants this product to the original purchaser to be free from defects in materials and workmanship, under normal use and conditions for a period of one year parts/90 days labor from the date of the original purchase.

Under this warranty, this unit will be replaced or repaired at our option, without charge for parts or labor, excluding batteries, for a period of one year after the purchase. After one year, the cost of labor with Shipping/Handling and Insurance of \$29.95 is the customer's responsibility.

This warranty is void if any of the following occur:

1. The warranty card was not sent in at the time of purchase
2. The unit is not owned by the original purchaser at the time of the warranty claim
3. The unit has been tampered with, opened or punctured
4. The unit has been immersed in water or other liquids, allowed to be filled with dirt or dust, or otherwise physically abused
5. The 12-month limited warranty has expired

This shall be the exclusive written warranty of the original purchaser and neither this warranty or any other warranty, expressed or implied, shall extend beyond the 12-month period listed above. In no event shall Altus Brands, LLC be liable for consequential damages, consequential property damage, or consequential personal injury. (Some states do not allow limitations on implied warranties or exclusions of consequential damages, so that these restrictions may not apply to you). This warranty gives you specific legal rights, and you may have other rights, which vary from state to state.

WE'D LOVE TO HEAR FROM YOU!

Pro Ears was founded in 1992 by an avid shooting sports competitor and was one of the first companies to introduce electronic hearing protection. Designed for competitive shooters, Pro Ears has always focused on providing the lightest weight and the highest quality sound possible. Superior technology, performance and customer service are the reasons more competitive shooters choose Pro Ears. As production has moved from a garage in Arizona to a to the current 30,000 square foot production facility in Michigan, one tenant has remained the same, produce the best product we can design and support it with excellent service. Performance, Comfort, Reliability – that's Pro Ears. Proudly a veteran owned family business

If you are as happy with your purchase as we expect you will be, please take the opportunity to write a review at www.proears.com or at any retailers site from whom you purchased the device. We really appreciate the trust you have placed in our company!
